Clear the path! Occupy the opponent's position! 3D Strategy Board Game

Play Rules

- 2 rotations except the sides that contain entrance and exit
- 3 rotations of the side containing your ball (1 rotation = 90 rotation)
- 4 rotations of the side containing your ball (1 rotation = 90 rotation)
- Free rotations for 5 seconds
- Free rotations for 10 seconds
- Bomb: add one more ball to play
- Your opponent gets 3 rotations of the side containing your ball

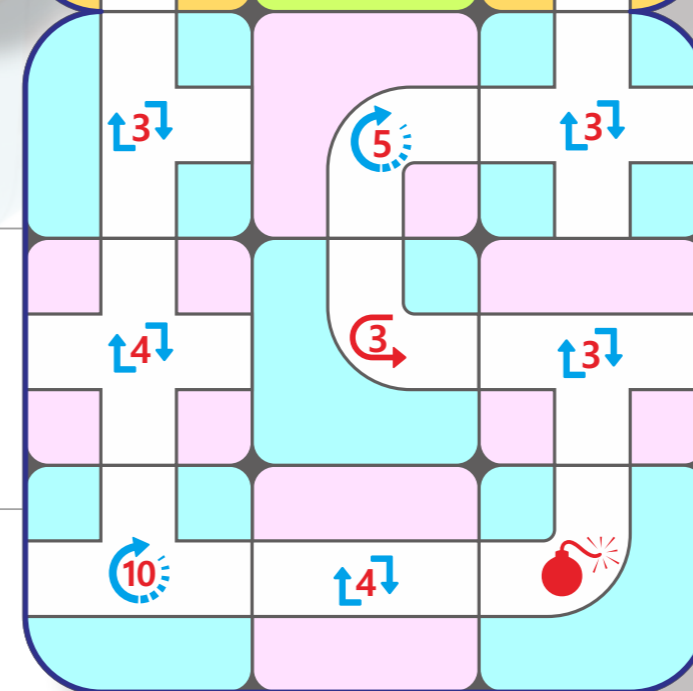

Winning the Game

- Using the moves allocated on the board, and by rotating the UCUBE, be the first player to get your ball to the exit.

How to Play

- Decide on the ball color for the red and blue teams.
- The blue team's board piece begins at the blue starting point, and the ball enters the UCUBE at the blue entrance while the red team does the opposite.
- Decide on which team goes first.
- Roll the dice and move your piece on the board. When your piece overtakes your opponent's piece, you get to go again. When your piece comes to a stop, use the move(s) described on the board square to navigate your ball closer to your opponent's entrance.
- Once all your balls in play exit through your opponent's entrance, you win.
- This game can be played using a shared UCUBE or each team can utilize their own.
